

Background Paper - Description of foreign qualifications

The Swedish Council for Higher Education (UHR), evaluates foreign education that has led to a qualification and is documented with a degree certificate and official transcript/relevé de notes.

If you lack documents from parts or all of your higher or post-secondary education, you may apply for a **background paper** instead of a recognition statement.

You need to fill in information in this form and submit with your application. The background paper bases both on the information you provide and the knowledge UHR has about your education, therefore it is important that you take time to complete the form carefully.

A background paper is not the same as a recognition statement, where UHR has also checked the authenticity of the study documentation.

How to apply for background paper

- To apply for a background paper you go to the web-based application form at utbildningsbedomning.uhr.se (english version).
- Fill in this form, save and submit (upload) with your online application together with other documents that you might have, this could include your CV, study and/or work experience, photographs, essays/project work, membership cards for student organisations.
- You can also submit this form and the documents needed separately, if you eg. already have made an application.

Sign the declaration stating that the documents you are appending and the information you are submitting about your education are genuine.

Remember that if your application is incomplete or if what you say does not agree with other information that UHR has, we can close your case without providing you with a background paper.

Compulsory information – background paper

Why do you need a background paper? (To apply for work/further studies/other) Maximum 500 characters

What is the reason to why you do not have all of your formal documentation? Maximum 1000 characters

Have you tried to obtain your formal documentation?
