## About the qualification comparison

UHR assesses the foreign qualification as comparable to a qualification at upper secondary level in Sweden.

The foreign qualification does not give access to higher education in Sweden. For information about other ways of meeting the higher education entry requirements, please see Studera.nu.

This assessment is provided as guidance by UHR. It is based on our knowledge of the country's education system and not on the individual's education documents. UHR applies the principles of the international recognition convention Lisbon Recognition Convention and assumes the foreign qualification is recognised in the country of study.
